Dear Dr. Pheifer:

At its July 2022 meeting, the IACBE Board of Commissioners considered your request for the accreditation of the business programs offered by the School of Business and Management at Azusa Pacific University. I am pleased to report that the Board of Commissioners approved your request and granted specialized accreditation to the business program(s) as identified in the "Business Programs" table below, accompanied by the following note(s) and observation(s).

Notes

Notes are an indicator that while the program is in compliance with the Principles, additional monitoring is warranted. The School of Business and Management is required to take action as specified below and respond to the IACBE by October 16, 2022 (unless another due date is indicated within the Note) using the IACBE Notes Report. Responses must be submitted via the online platform available on our website: www.iacbe.org/reports-note-compliance.asp.

Principle 2.1: Assessment Planning

Provide a revised Outcomes Assessment Plan, including updated rubrics, surveys, and other assessment instruments. For example, the following items should be addressed along with any other areas that the school identifies as needing revision:

1. Revise the performance measure for the ETS Exam. The measurement/target is to demonstrate evaluation at the individual student achievement level for each ISLO being assessed. Suggested wording to be considered: "75% students will achieve a score of 80 or better in the subject areas that evaluate the ISLOs being assessed (list each subject area)."

Observations

Observations are suggestions for further quality enhancements that the Board of Commissioners believes would be helpful for you in achieving excellence in business education but are not required for

compliance with the IACBE’s Accreditation Principles. Action on observations is optional, and reporting is not required.

No observations were made by the Board of Commissioners.

Other Reporting Requirements

- Please update the IACBE address on your website

Additionally, upon completion of the review the Board of Commissioners voted to not require an on-site follow-up visit.

Accreditation represents a continuing relationship between an institution and its accrediting organization. Specialized program accreditation by the IACBE is dependent upon your institution remaining (i) in good standing with your institutional accrediting body and (ii) in compliance with the IACBE’s Accreditation Principles and Policies.

Your Approved Period of Accreditation is: August 1, 2022 – July 31, 2029

In addition to the annual compliance reports, all accredited members of the IACBE are required to submit an Interim Quality Assurance Report (IQAR) during their period of accreditation. The IQAR for the School of Business and Management will be due by November 1, 2025. For more information on these reports, please refer to the IACBE website under Accreditation > Compliance.
