Dear Mr. Cruz:

The IACBE Board of Commissioners met on December 8-10, 2015 to consider your request for accreditation of the business programs offered by the Area de Negocios at the Instituto Tecnológico de Santo Domingo (INTEC). I am pleased to report that the Board of Commissioners approved your request and granted accreditation to your business programs with no notes or observations. This is indeed a rare occurrence, and you and the faculty and staff of the Area de Negocios are to be congratulated on this achievement.

The accreditation of your business programs is accompanied by the commendations identified below.

Commendations

Commendations are findings of the Board of Commissioners in those areas in which the board believes that INTEC and the Area de Negocios are demonstrating exceptional performance.

- The Board of Commissioners commends and congratulates INTEC on the celebration of the fortieth anniversary of continuous publication of "Sciencia y Sociedad," the institution's academic journal. It was noted that two of the seven authors in the April 2015 edition were from the business school, and that the journal is available through EBSCO Host.

Accreditation represents a continuing relationship between an institution and its accrediting organization. Specialized program accreditation by the IACBE is dependent upon your institution remaining (i) in good standing with your institutional accrediting body and (ii) in compliance with the

IACBE's Accreditation Principles and policies. Your accreditation is valid for a maximum of seven years, through December 2022.

The following notice pertaining to your accreditation status with the IACBE must be used in your official publications, including your institutional website:
