Dr Amir Mohammad Noori  
Chancellor  
Bakhtar University  
Karte Char, District 3  
Kabul, Afghanistan 26000

Dear Dr. Noori:

The IACBE Board of Commissioners met April 8-9, 2019 to consider your request for the accreditation of the business programs offered by the Faculty of Business Administration at Bakhtar University. I am pleased to report that the Board of Commissioners approved your request and granted accreditation to your business programs accompanied by the commendations identified below.

**Commendations:**

Commendations are findings of the Board of Commissioners in those areas in which the board believes that the Faculty of Business Administration is demonstrating excellent performance.

- The Board of Commissioners commends the Faculty of Business Administration for its use of a 360° review process for faculty assessment, promotion, retention, and special recognition. The 360° review process, while used in industry, is uncommon in higher education.
- The Board of Commissioners commends Bakhtar University for its strong linkages to the Promote program, a government-sponsored program to educate women and girls.

---

Accreditation represents a continuing relationship between an institution and its accrediting organization. Specialized program accreditation by the IACBE is dependent upon your institution remaining (i) in good standing with your institutional accrediting body and (ii) in compliance with the IACBE's Accreditation Principles and Policies. Your accreditation is valid for seven years, through April 30, 2026.

All accredited members of the IACBE are required to submit an Interim Quality Assurance Report (IQAR) during their period of accreditation. The IQAR for the Faculty of Business Administration will be due by November 1, 2023. For more information about the new reporting process, please contact IACBE headquarters.

The following language must be used on the Faculty of Business Administration home page, linking to your IACBE status page at <https://iacbe.org/memberpdf/BakhtarUniversity.pdf>.
