Dr. Susan Silverstone
Professor
School of Business and Management
National University
11255 North Torrey Pines Road
La Jolla, CA 92037

Dear Dr. Silverstone:

The IACBE Board of Commissioners met July 17, 2019 to consider your request for the accreditation of the business programs offered by the School of Business and Management at National University. I am pleased to report that the Board of Commissioners approved your request and granted accreditation to your business programs accompanied by the following note(s) and observation(s).

Notes

Notes represent areas in which the School of Business and Management is required to take action as specified by the IACBE Board of Commissioners. The action(s) requested below must be taken and the notes report submitted to the IACBE by October 15, 2019. The reporting form for note compliance can be found on our website at: www.iacbe.org/reports-note-compliance.asp.

Compliance:

1. The Public Disclosure of Student Achievement link on the NU School of Business and Management site does not display the correct information. In order to be compliant with IACBE and the requirements of CHEA, the IACBE template for [Public Disclosure of Student Achievement](#) must be posted publicly with the most recent academic year results (2017-2018).
2. The link to the member status page on the IACBE website could not be located.

Principle 1.1: Outcomes Assessment

1. Except in the case of objective-type comprehensive examinations, ensure that the direct learning assessment measures in each program are accompanied by evaluation rubrics that contain performance criteria that are directly and explicitly tied back, related, or mapped to the intended student learning outcomes in the program that the instruments are designed to measure. For example:
 - a. Assoc of Bus- the rubrics could not be reviewed (“removed for security reasons”) message
 - b. BBA - BUS 480 rubric does not tie to ISLOs
 - c. BSOL- Rubric is a grading instrument for an assignment and does not tie to ISLOs

- d. FinMGT - Rubric is a grading instrument for an assignment and does not tie to ISLOs
- e. MBA - MGT 685c- Rubric appears to tie to ISLOs but the items are mislabeled to the wrong ISLO.
- f. BA IMC - The rubric for the e-Portfolio does not tie individual questions to specific ISLOs. It states that every question addresses every (or most) ISLOs.
- g. BAM- rubrics missing
- h. MBA- rubrics for 685 and 695 map to ISLOs but are mislabeled. For instance, it maps to an ISLO which doesn't exist.
- i. MACC- missing a rubric that measures ISLO 2 (accounting knowledge)
- j. MSOL- missing a rubric that measures ISLO 3 (ethics). Ensure that a substantial number of KLOs are measured.
- k. MAHRM- OAP states all ISLOs map to all KLOs which is not the case. Increase the number of KLOs that are represented.

Observations

Observations are suggestions for further quality enhancements that the Board of Commissioners believes would be helpful to the School of Business and Management in achieving excellence in business education but are not required for compliance with the IACBE's Accreditation Principles. Action on observations is optional, and reporting is not required.

1. Please update the name of the organization from "International Assembly for Collegiate Business Education" to "International Accreditation Council for Business Education" throughout the website.

Accreditation represents a continuing relationship between an institution and its accrediting organization. Specialized program accreditation by the IACBE is dependent upon your institution remaining (i) in good standing with your institutional accrediting body and (ii) in compliance with the IACBE's Accreditation Principles and Policies. Your accreditation is valid for seven years, through December 31, 2026. In addition to the compliance reports due November 1 of each year, all accredited members of the IACBE are required to submit an Interim Quality Assurance Report (IQAR) during their period of accreditation. The IQAR for the School of Business and Management will be due by November 1, 2023. For more information about the new reporting process, please contact IACBE headquarters.
