Dear Dr. Faulkner:

The IACBE Board of Commissioners met March 30-31, 2020 to consider the previous Deferral of Accreditation action on your request for the accreditation of the business programs offered by the Briner School of Business at Greenville University. I am pleased to report that the Board of Commissioners approved your request and granted specialized accreditation to the business program(s) as identified below, accompanied by the following note(s) and observation(s).

Notes

Notes are an indicator that while the program is in compliance with the Principles, additional monitoring is warranted. The Briner School of Business is required to take action as specified below and respond to the IACBE by November 1, 2020 using the IACBE Notes Report. The reporting form can be found on our website at: www.iacbe.org/reports-note-compliance.asp.

Principle 1.1: Outcomes Assessment

1. Provide one complete set of assessment data resulting from implementing your revised outcomes assessment plan (i.e., the data resulting from implementing the measurement tools identified in the academic business unit's outcomes assessment plan). The data should be provided in the current data reporting format by November 1, 2020 if implemented for the 19-20 academic year, or November 1, 2021 if implemented for the 20-21 academic year.
2. Reflecting on your outcomes assessment process and results, provide a narrative assessment of the extent to which the Briner School of Business is accomplishing its mission and broad-based goals (please use forms from the current Self-Study Template, Principle 2.2 and tables 2-1 and 2-2).
3. Outline specific changes and improvements that are needed in the outcomes assessment process.
4. Describe proposed courses of action to make the changes and improvements described above.

Observations

Observations are suggestions for further quality enhancements that the Board of Commissioners believes would be helpful for you in achieving excellence in business education but are not required for compliance with the IACBE's Accreditation Principles. Action on observations is optional, and reporting is not required.

No observations were made by the Board of Commissioners.

Accreditation represents a continuing relationship between an institution and its accrediting organization. Specialized program accreditation by the IACBE is dependent upon your institution remaining (i) in good standing with your institutional accrediting body and (ii) in compliance with the IACBE's Accreditation Principles and Policies.

Your Period of Accreditation is: March 30, 2020 – April 30, 2027

In addition to the compliance reports due November 1 of each year, all accredited members of the IACBE are required to submit an Interim Quality Assurance Report (IQAR) during their period of accreditation. The IQAR for the Briner School of Business will be due by November 1, 2024. For more information on these reports, please refer to the IACBE website under Accreditation > Compliance.
