Dear Dr. Marcillo:

At its December 2024 meeting, the IACBE Board of Commissioners considered your request for the accreditation of the business programs offered by the School of Business and Information Sciences at Felician University. I am pleased to report that the Board of Commissioners approved your request and granted specialized accreditation to the business program(s) as identified in the “Business Programs” table below, accompanied by the following note(s) and observation(s).

Notes

Notes are an indicator that while the program is in compliance with the Principles, additional monitoring is warranted. The School of Business and Information Sciences is required to take action as specified below and respond to the IACBE **no later than February 17, 2025** (unless another due date is indicated within the Note). Responses must be submitted via the online platform available on our website: <https://iacbe.org/accreditation/compliance/note-compliance/> All documents must be provided in English.

No Notes were identified by the Board of Commissioners.

Observations

Observations are suggestions for further quality enhancements that the Board of Commissioners believes would be helpful for you in achieving excellence in business education but are not required for compliance with the IACBE’s Accreditation Principles. Action on observations is optional, and reporting is not required.

No Observations were identified by the Board of Commissioners.

Additionally, upon completion of the review the Board of Commissioners voted to not require an on-site follow-up visit.

Accreditation represents a continuing relationship between an institution and its accrediting organization. Specialized program accreditation by the IACBE is dependent upon your institution remaining (i) in good standing with your institutional accrediting body and (ii) in compliance with the IACBE’s Accreditation Principles and Policies.

Your Next Approved Period of Accreditation is: January 1, 2025 – December 31, 2031

In addition to the annual compliance reports, all accredited members of the IACBE are required to submit an Interim Quality Assurance Report (IQAR) during their period of accreditation. The IQAR for the School of Business and Information Sciences will be due by November 1, 2027. For more information on these reports, please refer to the IACBE website under Accreditation > Compliance.
