Mr. Ernesto Carrasco
Accreditation Coordinator
Área de Economía y Negocios
Instituto Tecnológico de Santo Domingo (INTEC)
Avenida de Los Próceres #49, Los Jardines del Norte
Santo Domingo, Distrito Nacional 342-9 y 249-2
Dominican Republic 10602

Dear Mr. Carrasco:

At its December 2023 meeting, the IACBE Board of Commissioners considered your request for the accreditation of the business programs offered by the Área de Economía y Negocios at the Instituto Tecnológico de Santo Domingo (INTEC). I am pleased to report that the Board of Commissioners approved your request and granted specialized accreditation to the business program(s) as identified in the “Business Programs” table below, accompanied by the following note(s) and observation(s).

Notes

Notes are an indicator that while the program is in compliance with the Principles, additional monitoring is warranted. The Área de Economía y Negocios is required to take action as specified below and respond to the IACBE **no later than February 23, 2024** (unless another due date is indicated within the Note). Responses must be submitted via the online platform available on our website: www.iacbe.org/reports-note-compliance.asp. All documents must be provided in English.

Principle 2: Quality Assessment and Advancement

Provide a revised Outcomes Assessment Plan, including updated rubrics, surveys, and other assessment instruments, if applicable. The following items are to be addressed along with any other areas that the school identifies as needing revision.

1. Each Intended Student Learning Outcome (ISLO) is a statement of a single intended outcome, i.e. includes only one action verb (e.g. “evaluate” not “identify and evaluate”).
 - a. Revise Intended Student Learning Outcomes (ISLOs) to include only one action verb. (See ILSO #4 in the Bachelor of Business Administration, ISLO #6 in the Bachelor of Accounting, ILSO #2 in the Bachelor of Economics, and ILSO #4 in the Bachelor of international Business.)

Principle 4: Business Curricula and Learning Opportunities

1. For all undergraduate and graduate-level business programs that contain majors, specializations, concentrations, etc., describe the ways in which the Área de Economía y Negocios ensures academic quality and evaluation of student learning outcomes specific to these disciplinary component areas of the programs.

Principle 5: Business Faculty Characteristics, Activities, and Processes

1. For each program that includes a major, specialization, concentration, etc., list each of them and identify which faculty member(s) is(are) considered to be the subject matter expert in those non-core subject areas.

Other Reporting Requirements

1. Verify the list of programs, including concentrations in the Table of Business Programs. Ensure that titles are listed exactly as they are stated on student transcripts.

Observations

Observations are suggestions for further quality enhancements that the Board of Commissioners believes would be helpful for you in achieving excellence in business education but are not required for compliance with the IACBE's Accreditation Principles. Action on observations is optional, and reporting is not required.

No Observations were identified by the Board of Commissioners.

Additionally, upon completion of the review the Board of Commissioners voted to not require an on-site follow-up visit.

Accreditation represents a continuing relationship between an institution and its accrediting organization. Specialized program accreditation by the IACBE is dependent upon your institution remaining (i) in good standing with your institutional accrediting body and (ii) in compliance with the IACBE's Accreditation Principles and Policies.

Your Approved Period of Accreditation is: January 1, 2024 – December 31, 2030

In addition to the annual compliance reports, all accredited members of the IACBE are required to submit an Interim Quality Assurance Report (IQAR) during their period of accreditation. The IQAR for the Área de Economía y Negocios will be due by November 1, 2026. For more information on these reports, please refer to the IACBE website under Accreditation > Compliance.
