Dr. E Nicole Hess-Escalante
Chair, Division of Business and Information Technologies
University of Saint Mary
4100 S. Fourth Street
Leavenworth KS 66048

Dear Dr. Hess-Escalante:

At its July 2024 meeting, the IACBE Board of Commissioners considered your request for the accreditation of the business programs offered by the Division of Business and Technologies at University of Saint Mary. I am pleased to report that the Board of Commissioners approved your request and granted specialized accreditation to the business program(s) as identified in the “Business Programs” table below, accompanied by the following note(s) and observation(s).

Notes

Notes are an indicator that while the program is in compliance with the Principles, additional monitoring is warranted. The Division of Business and Technologies is required to take action as specified below and respond to the IACBE **no later than October 14, 2024** (unless another due date is indicated within the Note). Responses must be submitted via the online platform available on our website: www.iacbe.org/reports-note-compliance.asp. All documents must be provided in English.

Principle 2: Quality Assessment and Advancement

1. Each intended student learning outcome must be assessed by at least two different assessment measures, at least one of which must be a direct measure. Submit 2023-2024 assessment results and corresponding analysis for the Student Exit Survey (indirect assessment). If the results are not available, administer the survey in 2024-2025 and submit the resulting analysis to the IACBE **no later than June 30, 2025**.

Observations

Observations are suggestions for further quality enhancements that the Board of Commissioners believes would be helpful for you in achieving excellence in business education but are not required for compliance with the IACBE’s Accreditation Principles. Action on observations is optional, and reporting is not required.

No Observations were identified by the Board of Commissioners.

Accreditation represents a continuing relationship between an institution and its accrediting organization. Specialized program accreditation by the IACBE is dependent upon your institution remaining (i) in good standing with your institutional accrediting body and (ii) in compliance with the IACBE’s Accreditation Principles and Policies.

Your Approved Period of Accreditation is: August 1, 2024 – July 31, 2031

In addition to the annual compliance reports, all accredited members of the IACBE are required to submit an Interim Quality Assurance Report (IQAR) during their period of accreditation. The IQAR for the Division of Business and Technologies will be due by November 1, 2027. For more information on these reports, please refer to the IACBE website under Accreditation > Compliance.

The following language must be used on the Division of Business and Technologies homepage, where “[status page](#)” is a hyperlink to your IACBE status page at <https://iacbe.org/memberpdf/UniversityofSaintMary.pdf>

The Division of Business and Technologies at University of Saint Mary has received specialized accreditation for its business programs through the International Accreditation Council for Business Education (IACBE) located at 11960 Quivira Road in Overland Park, Kansas, USA. For a list of accredited programs please view our IACBE member [status page](#).

If the list of accredited programs is provided in other official print publications, the following notice pertaining to your accreditation status with the IACBE must be used.

The Division of Business and Technologies at University of Saint Mary has received specialized accreditation for the following business programs through the International Accreditation Council for Business Education (IACBE) located at 11960 Quivira Road in Overland Park, Kansas, USA. The IACBE grants accreditation for business and accounting programs only. Locations and delivery modes for program offerings are at the sole discretion of the Member.
