## **IACBE MEMBERSHIP STATUSES AND ACCREDITATION PROCESS**

The basic steps for achieving IACBE specialized accreditation for eligible business-related programs is as follows:

Step 1: Be an Educational Member in good standing.

Step 2: Achieve Candidacy status through successful completion of the Candidate for Accreditation of Business-Related Programs process described below.

Step 3: Successfully complete the Accreditation process described in detail below: Educational Membership > Candidate for Accreditation > Member with Accredited Programs.

Information regarding the costs associated with the memberships and processes described below is available on the IACBE website under About > Costs and Fees. Since the costs for visits are dependent on variable factors, the IACBE should be contacted for an estimate.

### **Educational Membership**

*An Educational Member of the IACBE has met the IACBE’s requirements for educational membership and has affirmed its commitment to excellence in business education.*

To become an educational member of the IACBE:

#### **Step 1**

Apply for Educational Membership. The Educational Membership application form is available on the IACBE website ([www.iacbe.org](http://www.iacbe.org)) under “Become a Member” and “Resources”. The application includes providing:

- a. Evidence that the member has a publicly stated mission appropriate higher education. This mission must have been approved by the institution’s governing body (i.e., trustees, regents, directors).
- b. Evidence that the institution grants degrees at the U.S.-equivalent level: associate, bachelor, masters, doctoral.

- c. A copy of the most recent catalogs, prospectuses, marketing brochures, or other materials that describe the institution's undergraduate and graduate degree business-related programs. If this material is available online, provide the direct link(s) to this information.
- d. Affirmation of commitment to excellence in business education

## Step 2

- a. Upon approval of the Educational Membership, pay the applicable Membership dues. Failure to make timely payment will result in the cancellation of the application for IACBE Educational Membership.

Once the Educational Membership process is complete, a representative of the IACBE will contact the designated IACBE primary representative to discuss the next steps in the IACBE specialized accreditation process.

An Educational Membership allows those within the institution to access IACBE Member-only Resources. Educational Membership does not imply accreditation of any type, nor does it guarantee that any business program(s) will be accredited by the IACBE. The institution will be allowed to publicize that it is an Educational Member of the IACBE, but only in the methods prescribed by IACBE policies.

<sup>(1)</sup> You may choose to seek an additional level of specialized accounting accreditation for accounting programs either concurrently with, or subsequent to the business program accreditation process. The specialized accounting accreditation has a pre-requisite that the

program(s) must concurrently achieve, or have previously achieved, specialized business accreditation. All materials for seeking IACBE specialized accreditation are available on the IACBE website at [www.iacbe.org](http://www.iacbe.org) under Resources > Member Resources.

<sup>(2)</sup> Guidelines for preparing the self-study are found in the IACBE's *Self-Study Manual*. It is essential that these guidelines be followed, and all relevant IACBE templates be used. Incomplete, inaccurate, or poorly organized information may jeopardize a program's ability to achieve specialized accreditation.
