

IACBE Board of Commissioners Summary of Decisions April 2024

Specialized Business Accreditation

Reaffirmation of Accreditation

Accreditation Granted indicates that the business-related programs seeking specialized accreditation were found to be in compliance with the IACBE Principles. The specialized accreditation granted by the IACBE is specific to the programs granted accreditation – this does not include any accreditation/approval of the overall institution or any of its business units. Notes are an indicator that while in compliance with the IACBE Principles, additional monitoring is warranted. Observations are suggestions for further quality enhancements that require no further action.

The two major reasons for a deferred action are: the deficiencies are extensive, and/or adequate information demonstrating compliance with the IACBE's Accreditation Principles was not provided in the self-study or other related documents. In its decision letter, the Board of Commissioners will identify the reasons for the deferred action and the timeframe in which they need to be addressed. During this period, the business programs will continue to hold their accredited status.
